PROFILE & SKILLS

With over fifteen years of design industry experience behind me, my passion for design continues to grow. My vast knowledge of design software is fundamental to my work.

I have thorough knowledge using the latest Adobe CC Software including: Photoshop, Illustrator, In-design, Flash, Dreamweaver, After Effects, Adobe Acrobat and Adobe Fonts. Other software I have sound ability using consists of e-commerce package Actinic, Quark Xpress, , Microsoft Office, Wordpress design & development, all on both Mac and PC operating systems, showing my versatile and technical ability. As well as OS software I also have vast experience using email marketing platforms such as Mailchimp.com & Constantcontact.com, online Digital Magazine Platforms such as Yudu.com and the ability to set up php mysql database for web projects.

Web design and digital media has vastly expanded my ability and knowledge of HTML and CSS. I also have the knowledge of integrating JAVA SCRIPT, J Query and PHP into online projects on a daily basis. I also have knowledge of platforms such as Magento and Moodle.

I maintain high levels of concentration which enables me to work in a fast environment under pressure. I am an enthusiastic, highly creative graphic and web designer with determination and commitment. I have profound experience in both print and web work, including conceptual thinking. I have a dedicated, professional attitude and have sound ability to perform in tight deadline driven environments.

I have exceptional communication and interaction skills and am a dynamic, organized team player with well developed verbal and written ability. I get on with people easily as I have fantastic people and social skills. I am hard working, passionate, dedicated and am an excellent time keeper. I also have a good sense of humour.

Thank you for taking the time to read my curriculum vitae and hope to hear from you in the near future,

Kind regards,

JAMIE NAYLOR
